Koala Berry is proud to have helped raise thousands of dollars in support of our local communities and school organizations. Koala Berry does not give any monetary donations. All requests will be reviewed by our Donation Screening committee once a month. We understand the importance of each and every donation request. Please understand that while we strive to help each organization, we cannot honor all the requests that we receive. Koala Berry receives 10-20 donation requests every month. We work very hard to review each request individually and are happy to be able to support a variety of organizations.
